Students currently enrolled in VLA who would like to return to in-person learning for the 3rd 9 weeks, please notify the school office by Friday, January 8th. If we do not hear from you, we will assume your student is remaining on VLA for another quarter.

Lastly regarding midterms for our grades 7-12 students both on VLA and in person, due to this year's inconsistent modalities of learning, disrupted schedules, added stress on students, and the lack of midterms in some online VLA courses we are waiving midterm exams for this year.

December 11, 2020 (3:00 p.m.)
Hello. This is Dr. Thomas with one announcement.

There were several families that asked for exceptions to increase the maximum number of tickets (two per family) for basketball games. Due to the capacity of the Lowellville gymnasium, the current recommendations from the Ohio Health Department, and the OHSAA, we were not able to grant these requests. However, from this point on, we are going to permit basketball and cheer families to "transfer" their tickets to other basketball and cheer families.

Also, if there are tickets left over due to families not transferring and/or purchasing tickets, we will hold a "lottery" and allocate the tickets.

This will be done for all levels of basketball for boys and girls including cheer (**home games only**). Finally, please keep in mind that it is the goal of the District to keep students and patrons safe, the programs staying in session, and comply with the safety guidelines during the pandemic.

Thank you and stay healthy!

November 13, 2020 (3:30 p.m.)

Hello. This is Dr. Thomas with an important announcement. Today, we received communication that a cafeteria staff member tested positive for COVID-19. This is the second COVID positive this week; the girls' basketball program had a positive COVID test.

The entire cafeteria staff will have to go into quarantine including others who had regular contact with her.

Unfortunately, this will not allow Lowellville to have food service. Also, with the staff that works both in the cafeteria and provides transportation and due to other previous factors, Lowellville will be without several drivers which will impede us from providing transportation. Nevertheless, we are contacting the health department for contact tracing and will begin remote learning MODEL ONE (HOME) for grades K-12 on Monday, November 16th with a plan to return to in-person MODEL ONE (OPEN CAMPUS) on December 1st. Students that are enrolled on MODEL TWO will remain in the online model. We will evaluate the situation daily and notify you of any changes.

Finally, teachers will put together learning packets for students in grades K-2 and for any other students that were absent today,

both groups can come and pick up their learning packets, textbooks and materials between the hours of 1:00 – 7:00 p.m. on Monday, November 16th.

NOTE: K-2 will not participate in “live” remote learning due to a shortage of computers.

Thank you and stay healthy!

November 13, 2020

Good morning. This is Mrs. Parry with a quick update regarding busing. At the start of the week, we had to condense routes for busing. Starting this afternoon, we are now back to our full fleet of buses 101, 102, 103, and 10. Busing routes will be back to their original pick up and drop off times beginning this afternoon.

November 1, 2020

Good evening, this is Mrs. Parry with a few announcements.

We are very excited to be back to in person learning Monday. Start times remain the same as last year. 7:45 for grades 7-12 and 8:05 for elementary. A reminder that students will not be permitted to enter the building before 7:30 a.m.

Breakfast and lunch are free this year so only students buying extras or just drinks will need to use their lunch accounts. No monies will be accepted at the register. Rather, money can be preloaded on a students lunch account using the pay for it system. You can also send in cash/check in an envelope labeled with your students name. This will be collected during 1st period and deposited onto the students lunch account.

At morning drop off we ask that parents please do not walk students into the building. Remain in your car and staff will make sure your student gets to the correct room. Also at dismissal, we ask that parents remain in their cars and follow the line of traffic. Elementary drop-off and pick-up procedures can be found on the homepage of our school website.

Students who did not return their school issued technology this week must do so Monday morning. This is very important.

Finally, for our online learners if students haven't already they should be receiving their welcome email containing log-in information. The email will come from a noreply email address. If you have not received your email by the end of the day Monday, please contact Mrs. Killingsworth in the guidance office.

Thanks and have a great night!

First, in order to follow social distancing guidelines when we reopen for in-person learning, the doors will not open for car riders until 7:30 a.m. each morning. There can be no early drop offs.
